## Income Protection Cover can help you and your family get back on your feet, if you suffer an injury or illness that leaves you unable to work.

Default Income Protection (IP) Cover through HESTA costs between \$0.09 - \$5.01 gross per unit per week depending on your age, based on the General Occupation Scale. This cover provides benefits for up to five years after a 90 day waiting period. Cover ceases at age 67.

### Consider reviewing your IP Cover if...

- you've started a new job or received a promotion
- you have a mortgage or pay rent
- you have personal loans or other debts
- you're supporting others financially
- you're living independently
- you have just started a family, or
- your income has reduced and your cover exceeds 85% of your income.

### What is IP Cover?

IP Cover provides protection with a monthly benefit of up to 85% of your Pre-Disability Income if you can't work due to injury or illness, as long as you are eligible.

To claim, you must be unable to perform at least one major duty of your usual occupation. However, you may qualify for a partial benefit if you are able to work in a lesser capacity at the end of the waiting period subject to being Totally Disabled for at least 7 out of 12 consecutive days at the start of the waiting period. A different Total Disability definition applies after the first two years of benefit payments. Partial Disability benefits are not payable after the first two years.

Eligible members may be able to qualify for a lump-sum Permanent Incapacity Support Benefit of \$10,200 after a qualifying period. See *Insurance options* for full details at [hesta.com.au/pds](https://hesta.com.au/pds)

### IP payments can be reduced

If you have IP cover and become eligible to receive a benefit, your claim payments cannot exceed the lesser of your sum insured and 85% of your pre-disability income and your payments may be reduced by other income or benefits you receive during the claim period.

For example, your IP benefits could be reduced if you are receiving workers compensation payments, other income support payments, income from a graduated return to work or the income component of any lump sum payment that is paid to you.

Refer to *Insurance options* at [hesta.com.au/pds](https://hesta.com.au/pds) for more information.

### Benefits of IP Cover

#### 1. HESTA Default Cover - a small price to pay for peace of mind.

✓ Each unit of Default IP Cover pays a benefit of up to \$500 per month. HESTA members receive two units if eligible, when they are aged 25 or over; and their account balance has been \$6,000 or more since joining. Refer to page 2 for circumstances when cover ceases. Cover is subject to eligibility, terms and conditions. HESTA members can apply for Default IP Cover to commence earlier and they can also apply for up to 10 additional units (for a total of up to 12 units) within the first 90 days of joining or the date Default IP Cover automatically commences by completing a Short Personal Health Statement. HESTA Personal Super members can apply for cover when they join and will receive two units.

✓ IP Cover insurance fees come straight out of your HESTA account, so you don't have to find extra money in your weekly budget.

#### 2. Continuous protection

✓ IP Cover protects you for injury and illness 24/7, not just when you're at work. If you are unemployed for less than 90 days and suffer disability, you are able to claim an IP benefit. If you are unemployed for more than 90 days and suffer disability, you are unable to claim an IP benefit.

#### 3. You're covered for a five year benefit payment period until cover expiry at age 67

✓ Default IP Cover through HESTA can pay you a monthly benefit for up to 5 years whilst you remain medically certified unfit for work and continue to satisfy the policy.

#### 4. Cover for 85% of your Pre-Disability Income

✓ As a HESTA member or a HESTA Personal Super member, you can insure yourself for up to 85% of your Pre-Disability Income. See *Insurance options* for full details at [hesta.com.au/pds](https://hesta.com.au/pds)
