

why HESTA?

The national fund dedicated to health & community services

Everything we do at HESTA aims to give our members – more than 80% of whom are women – a better future.

We've learnt a thing or two about super over the past 30 years – and we've got the results to prove it.

That's why more than half of the people working in aged care, hospitals, community and disability services, primary health and early childhood education choose HESTA for their super.

Your money, in safe hands

HESTA has consistently outperformed our investment targets over the long term. Our Core Pool investment option has performed so well* we're proud to be one of only four (out of 120 funds) to get SuperRatings' platinum performance rating for 15 years running.

Your decisions, informed

Our job is to help you save for your retirement. We're not only canny investors, we love sharing our expertise with you – through education sessions at your workplace, online calculators and one-on-one consultations.

Your work, rewarded

Health and community services is full of ordinary people doing extraordinary things, day in, day out, across Australia. That's why we created the HESTA Awards Program.

Your lifestyle, protected

Insurance as part of your super is an important way to help you protect your quality of life now. Most members receive insurance automatically when they join. Standard cover includes Income Protection Cover to age 67 and Death Cover to 75. We also offer 12 months fee-free cover during parental leave (conditions apply).

Your future, brighter

We're an industry super fund. So our profits go to members, not shareholders, and we keep your fees and costs low. We invest your super responsibly, so the world you retire into is a healthy, happy and fair one. And we're working hard to make super fairer for women in Australia.

*Past performance is not a reliable indicator of future performance. Product ratings are only one factor to be considered when making a decision. See hesta.com.au/ratings for more information.
